### Product Summary

ESD 16 Stainless steel ESD tweezer

### Product Description

Material 302 - L 125 mm - Anti magnetic - Anti acid - HRC 40 Rigidity.

This series of Tweezers are ideal for use in the microelectronic and semiconductor industry. They are resistant to chemicals, highly resistant to static charging, offer unequalled wear and heat resistance. These tweezers are ideal for high precision work when high chemical resistance or complete freedom from any magnetism is required. Ideal for clean room work as nothing will leach out and contaminate the work area.
