Product Summary

ESD 17 Stainless steel ESD tweezer

Product Description

Material 302 - L 115 mm - Anti magnetic - Anti acid - HRC 40 Rigidity.

This series of Tweezers are ideal for use in the microelectronic and semiconductor industry. They are resistant to chemicals, highly resistant to static charging, offer unequalled wear and heat resistance. These tweezers are ideal for high precision work when high chemical resistance or complete freedom from any magnetism is required. Ideal for clean room work as nothing will leach out and contaminate the work area.
